

Automatic Top Filled Deck-Mounted Soap Dispenser

HK-CSDT is the world first top filled deck mounted auto liquid/foam soap dispenser with an overfilled protection mechanism. We use the highest quality stainless steel-316 for this model. The maintenance staff can fill the soap from the top of the dispenser spout with a special designed anti-theft key.

The smart sensor inside the soap tank will make the LED ring flash with a beeping sound to prevent an overfilled mess.

The LED can also indicates different status such as low soap level. CSDT is the smart soap dispenser which saves your time and money on the maintenance!
