

Auto Multi-Function Dispenser (1200ml)

HK KWANG

This is an automatic multi-function soap dispensers with large soap capacity (1,200 ml). The benefit of a large soap bottle is it can save the time and cost for soap-refilling. It uses our patented and alcohol resistant pumps: liquid, foam and spray and a simple change of the soap pump can convert the unit into a different type of automatic soap dispenser. There is also a smart LED indicator that will flash to indicate low battery status for the soap dispenser.
